We are member of Kenya federation of master builders, our certificate no 1660 and issued with certificate of compliance.

We have continued to provide to our clients dedicated and quality services and products in these fields.

We endeavour to work very closely with Engineers, Quantity surveyors, Architects and Property Portfolio Managers as well as property developers in any project we are involved in. This is the only way we can provide a product that will meet the expectations of all parties involved in the construction process.

Butulaah Enterprise

From Director's

Organisation Philosophy

Our goal on all of our projects is to obtain our client's complete satisfaction by performing our work for the most competitive price, with the highest quality construction standards and within the stipulated requirements. We take all steps necessary to ensure that these three goals are met and that at the end of each project, our client is more impressed with Afrobuild Builders Ltd than they were at the first meeting. In the construction industry, customer satisfaction is the key to our continued success.

Our Strategy

Our strategy is to succeed by aiming to build long-term partnerships with our customers. With their support, we aim to maximize the potential of our traditional business, through a combination of enhanced quality of service, creative marketing, innovative pricing and cost efficiency. At the same time, we will pursue profitable growth by providing our customers with the latest products and technologies in the market.

Mission Statement

To provide our clients with high quality and cost effective solutions to their ever-changing construction and maintenance needs.

To provide exceptional quality workmanship, unequivocal ethical standards, and safest work practices.

To identify and respond to new technologies, new services, and new markets as maybe necessary from time to time for the benefit of our clients.

Our Focus

At **Butulaah Enterprise**, we consider quality as a matter of high importance as well as responsibility. We take great pride in our work, and the quality of our work has been the greatest driver of our success.

Our focus on quality is broken down into the following four areas:

1. Workmanship:

Quality workmanship depends on skill and responsibility at craftsman and supervisor levels, and we believe our team has the necessary training, skills and experience to provide the best to our clients.

2. Materials:

Quality materials are an essential starting point. We are constantly evaluating materials to see if new or substitute materials can provide a superior end product to ensure better performance and quick delivery.

3. We strictly comply to the clients design and also give suggestion based on our long experience on areas of improvement where necessary to give a better product at with a cost advantage.

Process:

The construction process involves coordination and cooperation between all parties involved. We seek active engagement of the owner, designer, subcontractors and other stakeholders from the beginning to end of the project. This ensures that we achieve the highest possible quality.

Services:-

As a full service General Contractor, **Butulaah Enterprise** has the ability to address a wide variety of construction projects due to the broad and diverse background of our company's personnel. We know that a responsible General Contractor maintains a high level of control over each project.
