SISTER COMPANIES

Space kinetics (Kenya) Limited

Space Kinetics (Uganda) Limited

Fild Energy

Zimark

Rick Ross

Martika Energy

Gulf Masters

Southern Corridor International

Hurricane Ventures Kenya Limited.

PREAMBLE:

Jasaad Kinetics agency started off as a successor of Space Kinetics International Limited with the aim of supplementing and widening the scope of Space Kinetics International Limited in the energy and telecommunications sector in construction of Low, Medium and High Voltage distributions and transmission networks, installation of fiber optic cable on existing power line infrastructure and subsequent entry into green energy generation.

We are pre-qualified by The Kenya Power and Lighting Company, the Rural Electrification Authority, Uganda Telecoms Limited and Umeme (Uganda) Ltd as contractors for the construction of 66, 33, 11, 0.415, 0.240 Kv Lines.

OUR VISION

To become the leading Power distribution contractor and Green energy generation Company in the East and Central Africa region providing world class Professional Service.

OUR MISSION

Our mission is to develop a highly technically qualified, motivated, competent and innovative team to enhance the quality, reliability, efficiency and safety in construction, Generation and supply of electricity in the Rural and Urban Centers in East and Central Africa.

SERVICES OFFERED TO OUR CLIENTS

Jasaad Kinetics has a track record in successfully executing Power Distribution and Generation projects of high quality, reliability and safety by taking responsibility for all the development phases. Our projects are designed and managed by experienced craftsmen, technicians and engineers. The company is also highly selective in its choice of suppliers to ensure optimum performance at the best market price.

We have various contracts in progress.

he work involves:-

- Survey and design of over 750km of 33&11 kv in 75,150mmsq ACSR Conductor: concrete and wooden poles in Kuria, Mwingi, Kisii, South Mugirango, Bura – Fafi,

Bondo, Magarini, Manderu, Ntugamo (Uganda) and Arua (Uganda)

- **Installation of air brake switches in the aforementioned projects.**
- **Installation of SF6 circuit breakers.**
- **Installation of VTS and CTS.**
- **Installation of motorized air brake switches.**
- **Installation of line protection panels complete with control cables and accessories.**
- **Installation of transformers and fuses.**
- **Supply of cables, conductors and transformers.**

We have qualified personnel to work on live wires; they have undergone rigorous training whilst observing all safety provisions.

WINDPOWER GENERATION PROJECT

This project aims to provide green power through wind farms spread out in the whole country which will be connected to the national grid. We are currently collecting wind speed data for proper siting of the windfarms.

SOLAR GENERATION PROJECTS

We are currently involved in the installation of hybrid systems for the remote power-stations. Solar panels will be used to generate power during the day while the diesel engines pick up the load at night.

We have also installed solar panels to various schools in 4 Counties in the Northern Eastern Parts of Kenya under the {Last Mile Connectivity Program}

Summary of services offered

- **Construction of low, medium and high voltage distribution and transmission networks and substations.**
- **Research in green energy and installation of equipment to facilitate the same.**
- **Project management in the power industry.**
- **Consultancy in power line construction, consultancy and design.**
- **Supply and procurement of power line construction materials, equipment ,plant and machinery,**
- **Installation, testing and commissioning of generation, distribution and transmission plant and equipment.**

COORDINATION AND CONTROL

Coordination of the various work responsibilities in line with the organization structure provided. Constant communications at all levels in the company is an important factor for us to achieve our goals.

However the company has an efficient and effective board of directors comprising of executive and non-executive directors who are qualified and respected members in the industry, for sound management and wide consultancy.

CAPACITY OF THE COMPANY

The board of directors convenes regularly and when required on governance issues. We have very skilled personnel and associate consultants in various specialized areas viz construction of power lines, information technology, design and survey. We are also have personnel who are well versed in way leaves acquisition and draughtsman ship. The company employs a permanent work force in excess of 120 highly skilled personnel majority who are ex-Kenya power employees.

SOME OF THE PROJECTS EXECUTED BY JASAAD KINETICS					
No.	NAME OF PROJECT	REGION	CLIENT	MAGNITUDE	PROJECT VALUE (USD)
1.	Bura - Fafi	Coast	REA	50km	40,000
2.	Ntugamo - Mbarara	Uganda	Umeme	40km	35,000
3.	Kuria	Nyanza	REA	25km	20,000
4.	Mwingi	Eastern	KPLC	29km	25,000
5.	Lafey - Elwak	N/Eastern	KPLC	45km	42,000
6.	Bondo	Nyanza	REA	15km	14,000
7.	Arua - Lira	Uganda	Rural Electrification Uganda	98km	76000
8	Magarini	Coast	REA	10km	10,000
9.	Uvete	Eastern	KPLC	5km	6,000
10	Kisii	Nyanza	REA	40KM	40,000

Projects Executed:

- **Construction of two number 220/66KV Distribution Substations at Ngong and Athi River with 2 units of 45mva transformers. This project falls under Nairobi Ring Power Project.**
- **Construction of 400kv Transmission line from Suswa Substation to Ngong Substation.**
- **Installed Solar Panels at Various Primary schools in the Arid Region & the Northern parts of Kenya Under the (Last Mile Initiative) for the Rural Electrification authority of Kenya.**
- **Construction of Diesel and Heavy Fuel Oil Power stations in Mandera, Moyale and Elwak in Kenya.**
- **Construction of 66/11kv Substations at Ruiru and Thika towns and associated 1Kv Distribution lines**

Ongoing Projects

- **Currently Subcontracted for the Construction of the 15MVA Substations at the Coast of Kenya**
- **Subcontracted for the completion of the last Mile Customer Conectivity Projects in Kenya.**

Excavation works at Athi River Substation for the Establishment of the 220/66kv Substation Platform

Construction of the 80 Megawatt Thermal Power for (Triumph Power Generating Company Ltd) in Kitengela, Kenya.

220 KV Ngong substation works in progress

- **Other Services :**

We have also supplied power companies in the region with transformers, Switch gears conductors and insulators overhead line components for the past 10 years.

DATE 10TH Sept, 2014

To whom it may concern messers: Jasaad Kinetics Agency Ltd to our satisfaction completed the following works at our Ngong and Athi-River sub-station 220/66 kv

1. Earth works for the establishment of the eight acre substation platform.
2. Construction of the Gantry and Equipment foundations using reinforced Concrete.
3. Setting out and construction of the substation drains.
4. Construction of the perimeter wall using pre-cat concrete hollow blocks
5. Erection of steel structures for the 132kv Gantry, Stringing of the Bus Bar and ear thing of the Substation.
6. Construction of the 1.5 km long 6m wide access road to the substation to Bitumen standard.
7. Construction of the internal roads to access the equipment.
8. Mounting of the equipment to the 66kv bay.

Yours faithfully,

Simon Karanja

NAIROBI.

Dear Sir,

**RE: NOTIFICATION OF AWARD FOR TENDER NO. REA/13-14/OT/035B
FOR THE SUPPLY OF STEEL CROSSARMS, BOLTS & NUTS, TIE
STRAPS AND STAY RODS (YOUTH, WOMEN & PERSONS WITH
DISABILITY)**

Please refer to your letter dated 19th June 2014 concerning the above subject matter.

Thank you for accepting our award.

Please receive our response in respect of your two requests for clarifications:

- i) That the duty chargeable on imported steel cross arms, bolts & nuts, tie straps, and stay rods were not affected by the proposed increase of duties by the Finance Cabinet Secretary as they have always attracted a Customs Duty of 25% and a further 16% in VAT.
- ii) That REA would open an LC in favour of your company upon your request and once you have submitted the 10% performance guarantee.

I hope the above answers your queries.

Yours sincerely,

Ng'ang'a Munyu
